

Federal Pharmacy Partnership Strategy for COVID-19 Vaccination – Phase 2

Message from Jenni Zilka: What you can do now to be ready to go!

Dear Valued Member,

I am so pleased to introduce this first edition of our new weekly newsletter for all pharmacy participants in AmerisourceBergen's *Good Neighbor Pharmacy/Elevate Provider Network* Federal Pharmacy Partnership Strategy for COVID-19 Vaccination for Phase 2.

As guidance and requirements evolve, our goal is to keep you up to date with this weekly newsletter, along with updates and tools added to our [COVID-19 Resource Center](#), your [Patient Engagement Center](#) and [Brand Central Station](#), and more.

We are putting together a wealth of resources to ensure your success in implementing your pharmacy's COVID-19 vaccine capabilities, including:

- **Mandatory CDC training information – coming next week!**
- *New!* [COVID-19 Vaccine Implementation Guide](#)
- *Updated!* [COVID-19 FAQ](#)
- *Updated!* [Vaccine page on the COVID-19 Resources webpage](#)
- Marketing materials and information – *coming soon!*

We still do not know when COVID-19 vaccine inventory will be available as part of Phase 2. We continue to work closely with the CDC in this ever-changing environment and will be continually adding resources and keeping you updated every step of the way.

Jennifer Zilka
Senior Vice President, *Good Neighbor Pharmacy* Field Programs & Services
AmerisourceBergen

Have questions?

Please continue to reach out to COVIDvaccines@AmerisourceBergen.com with questions. If for any reason you no longer wish to participate in our Federal Network Administrator program, please email your sales executive.
