

## Message from Jenni Zilka: CDC required training due 1/31

Dear Valued Member,

As a participant in the Federal Pharmacy Partnership Strategy for COVID-19 Vaccination with AmerisourceBergen, **you are required to complete COVID-19 CDC Training and attestation by 1/31** through *Good Neighbor Pharmacy University*. With timelines and CDC guidance ever-changing, we recommend you complete this training quickly, as completion of this training and attestation is **required for vaccine allocation**. Here are the instructions:

- All program participants have been given access to *Good Neighbor Pharmacy University* to access this training.
- Customers that did not previously have an account with *Good Neighbor Pharmacy University* should have received an email this weekend from *Good Neighbor Pharmacy University* (look for this email address: [knowledge.connection.do-not-reply@conduent.com](mailto:knowledge.connection.do-not-reply@conduent.com)) with a username and temporary password. **If you did not receive a username/password**, please check your junk/spam folder. If you still don't see the email, contact [GNPUniversity@amerisourcebergen.com](mailto:GNPUniversity@amerisourcebergen.com) **as soon as possible**.
- Once your username and password is received and you're able to login to *Good Neighbor Pharmacy University*, [access COVID-19 Vaccine Training here](#).
- Customers that already have an account with *Good Neighbor Pharmacy University* can [access the training directly here](#).
- If you do not remember your login credentials, contact [GNPUniversity@amerisourcebergen.com](mailto:GNPUniversity@amerisourcebergen.com).
- The training is made up of 3 modules and an attestation check. To fulfill the CDC's requirement, all portions of the training must be completed. If you would like to start the training and finish it at a later date, you can access the training under the **My Training** tab.
- **Multi-store owners:** The CDC requires that the "authorized signer" for each pharmacy complete the 3-module training and submit the attestation form. If you are the "authorized signer" for multiple pharmacies (multi-store owner), you will have the option to list the NCPDP numbers for all of the participating pharmacies that you have responsibility for just prior to the attestation portion of the training.
- For any issues or questions specific to this training, please reach out to [GNPUniversity@amerisourcebergen.com](mailto:GNPUniversity@amerisourcebergen.com).

We strongly encourage EVERY vaccinator in your pharmacy to complete the CDC COVID-19 Vaccine Training Modules; however, only the authorized signer at your pharmacy is required to complete the training and attestation through *Good Neighbor Pharmacy University* so we can report that the training has been completed to the CDC, which is a requirement for allocation. Additional vaccinators can choose to complete the training through *Good Neighbor Pharmacy University* or directly on the CDC website [using this link](#).

**While timelines are still uncertain**, our goal is to have all members prepared to vaccinate by February 1st. We encourage you to take the many steps needed to prepare now.

**We are continuing to put together a wealth of resources to ensure your success** in implementing your pharmacy's COVID-19 vaccine capabilities, including:

- [CDC Required COVID-19 Vaccine Training Access Guide](#)
- [COVID-19 Vaccine Implementation Guide](#)
- [January 12th Townhall Recording](#)
- [COVID-19 FAQ](#)
- [COVID-19 Vaccine webpage](#)
- Marketing materials and information – *coming soon!*

Jennifer Zilka  
Senior Vice President, *Good Neighbor Pharmacy* Field Programs & Services  
AmerisourceBergen

## Have questions?

Please continue to reach out to [COVIDvaccines@AmerisourceBergen.com](mailto:COVIDvaccines@AmerisourceBergen.com) with questions. If for any reason you no longer wish to participate in our Federal Network Administrator program, please email your sales executive.
